

August 2026

Dear Parents:

Our lunch program meets all the federal regulations that are required. This includes offering the students their choice of low fat chocolate milk or low fat white milk. Students are also given the option to choose water. In order to help us judge the amount of each type of milk to order, please fill out this form and return it to school no later than Tuesday, August 18.

Thank you for your cooperation.

Debbie Reinkemeyer
